## JOURNAL OF BUSINESS STUDIES

### ABOUT THE JOURNAL AND EDITORIAL POLICY

The Journal of Business Studies is a Peer Reviewed Refereed Journal of Department of Commerce, Shaheed Bha College (NAAC Accredited 'A' Grade College), University of Delhi. The Department of Commerce has been bri this journal for last more than 30 years. The Department obtained the required International Standard Serial (ISSN: 0975-0150) for it in the year 2008.

The journal is intended to provide the researchers a major platform to study various business and managem in the area of finance, accounting, marketing, international business, economics, human resource manager organisational behaviour and human relations (OBHR). Work reflecting inter-disciplinary nature of commerce, and management and dove-tailing emerging horizons are also considered relevant for the journal.

The journal publishes research papers based on empirical work in the above mentioned areas. However, artic purely on original theoretical work are also considered for publication in exceptional cases.

The papers/articles contributed by authors for publication in the journal are submitted for a **2-stage review**. First stage, **preliminary review** is done by the Editorial Team of the college comprising members with varied interest and expertise. Second stage, **blind review** is performed by eminent academicians and scholars from ou college who have the required expertise in the related fields. As a result, out of 20 papers received for publicati current issue only 5 have been able to make it to the final list.

### DESIRED PAPER/ARTICLE FORMAT:

- Paper/Article Title
- Abstract
- Keywords
- Introduction/Statement of Problem including Literature Review (highlighting the research gaps and need present work)
- Objective(s) of the Study
- Hypotheses (if any) to be Tested
- Research Methodology (describing the sample size and sampling technique used in the process of data collection, statistical tools used for data analysis. It must also describe the instrument(s)/scale(s) used in the quest for data collection along with their psychometric properties).
- Results/Findings and Discussion (This part must discuss/interpret the findings of the study in detail in this part of the paper/article which contains a researcher's contribution to the existing pool of knowledge)
- Summary/Conclusions, Implications and Suggestions (if any)
- References

### SUBMISSION OF PAPERS/ARTICLES

The papers should be sent to :

Dr. Arun Kumar Attree
